

## **Forklift Electrical Parts**

Forklift Electrical Part - Lift trucks may be particularly labeled to be used in dangerous sites. A labeled truck denotes the design has met the least requirements of ANSI/UL 558 utilized for engine powered lift trucks or ANSI/UL 583 intended for electric trucks for the type of label placed.

Applications for labeled trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Areas or Use, Maintenance and Operation, and Type Designations. Ask your local insurance carrier and Fire Marshall for additional info concerning the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined criteria, the following labels may be put. A labeled truck would have the model description located on the lift truck nameplate and will have one of the following labels put.
